

Pre-Program

WRIST ARTHROSCOPY COURSE

Training on Anatomical Specimen
Basic Course - Taiwan
May 15th and 16th, 2010

Organized by GEAP-EWAS
With the support of :
FESSH, Honk-Kong Society for Surgery of the Hand, CUHK Depart. of Orthopaedics and Traumatology

Course Director :

C. MATHOULIN (France)
W.C. CHEN (Taiwan)

Co Course Director :

P.C. HO (Hong-Kong SAR, China)
T. NAKAMURA (Japon)

Faculty :

Local Regional Team

W.-L. TSE (Hong-Kong SAR, China)
J.-T. SHIH (Taiwan)
Y. ABE (Japan)
W.J. CHEN (Taiwan)
A. WAHEGAONKAR (India)

International Team

J. GOUBAU (Belgium)
M. LEVADOUX (France)
P. LIVERNEAUX (France)
J. MESSINA (Italy)

This program may be subject to modifications

EWAS Wrist Arthroscopy Course

Saturday, May 15th

Morning

08.30	Lecture 1	
	<ul style="list-style-type: none"> · How to perform a wrist arthroscopy : instruments, installation and normal exploration (20 min) · Radiocarpal joint arthroscopy and Mid-carpal joint arthroscopy (20 min) 	<p>W. Chen</p> <p>W.L Tse</p>
09.15	Practical Session 1 (Part 1) Radiocarpal & mediocarpal joint examination Removal of foreign body, Synovectomy	
09.15	Experts help students directly at their allocated tables on an anatomical specimen with simultaneous teaching Individual practical training by students (1 expert for 2 operating tables)	<i>All Experts</i>
10.45	Break (30 min)	
11.15	Practical Session 1 (Part 2) Mid-carpal joint examination	
12.30	Lunch at the Institute	

Afternoon

02.00	Lecture 2	
	<p>Robotic assisted surgery of the hand (10 min)</p> <p>Wrist ganglia (20 min)</p> <p>Styloidectomy (15 min)</p>	<p>P. Liverneux</p> <p>M. Levadoux</p> <p>J. Messina</p>
02.45-04.15	Practical Session 2 (part 1) Removal of synovial cyst Styloidectomy	
02.45	Experts help students directly at their allocated tables on an anatomical specimen with simultaneous teaching Individual practical training by students (1 expert for 2 operating tables)	<i>All Experts</i>
04.15	Break (20 min)	
04.35-05.30	Practical Session 2 (part 2) Removal of synovial cyst Styloidectomy	

GEAP Wrist Arthroscopy Course 2010

Sunday, May 16th

Morning

08.15	Lecture 3	
	Principles of TFCC repair (15 min) Technique of 1B lesion TFCC repair (5 min) Various treatment of Ulnar Impacted Syndrom (15 min) Arthroscopic Distal resection of the ulna (10 min)	T. Nakamura C. Mathoulin PC Ho J. Goubau
09.00	Practical Session 3 (Part 1) Principles of TFCC repair Distal resection of the ulna	
09.00	Experts help students directly at their allocated tables on an anatomical specimen with simultaneous teaching Individual practical training by students (1 expert for 2 operating tables)	<i>All Experts</i>
10.30	Break (30 min)	
11.00	Practical Session 3 (Part 2)	
12.30	Lunch at the institute	

Afternoon

01.45	Lecture 4	
	SBI workshop : Distal radius fracture (15 min) Prosthetic Ulnar head (15 min)	Y. Abe V. Friso
02.30	Practical Session 4	
	Demonstration Individual practical training by students (1 expert for 2 operating tables)	P. Liverneaux M. Levadoux

4.00 End of the seminar

Special thanks to Karl Storz Endoscopie whose financial contribution and technical support enabled us to set up this course.
